INTENT

The Year 8 curriculum broadens students' grammatical understanding, enabling them to use past, present and future tenses in French. Holidays and visits are used to introduce the perfect tense, and pupils then develop their knowledge of present tense verbs and are introduced to the near future in the topic of festivals and traditions. Pupils revisit the topic of free time, looking in particular at TV, digital technology and cinema, before learning how to use modal verbs and reflexive verbs in the context of where they live.
