Dear Parent/Guardian

Unfortunately, we have been informed of a further PCR positive case of Covid-19 within the Year 8 cohort at BGN.

We have followed the national guidance and have identified that your child has been in close contact with the affected person. **Please take the following actions and please note there has been a change to this guidance and close contacts are now asked to take a PCR test:-**

- Your child should stay at home and self-isolate until **Monday 19 July 2021** following national guidance: <https://www.gov.uk/government/publications/guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-COVID-19-infection-who-do-not-live-with-the-person>. We are asking you to do this to reduce the spread of Covid-19 to others in the community. If your child is well and has not tested positive at the end of the ten-day period of self-isolation, then they can return to their usual activities.
- Your child should return to school on **Tuesday 20 July 2021**, which is the final day of term this academic year.
- Other members of your household can continue normal activities provided your child does not develop symptoms within the ten-day self-isolation period, or test positive.
- **As an extra precaution, Public Health England (PHE) is now advising close contacts to get a Covid-19 PCR test.** You should arrange for the close contact to get this test as soon as possible within the ten-day isolation period, ideally through the home PCR testing service. Please refer to the attached factsheet and this guidance for more information: [Guidance for contacts of people with confirmed coronavirus \(COVID-19\) infection who do not live with the person - GOV.UK \(www.gov.uk\)](#). If your child has had a positive PCR test within the last 90 days, you do not need to get another test unless they have new symptoms.
- If your child tests positive, they need to isolate with their household following national guidance [COVID-19: guidance for households with possible coronavirus infection - GOV.UK \(www.gov.uk\)](#). If they test negative, they must still complete ten days isolation.
- All members of the household aged 11 and over should continue to do their regular LFD test twice a week (every three to four days).
